

**Matt Griffin scored the first class victory of his rally career when he won the Rally First 1.4 category of the Wyedean Rally last Saturday. VW Lupo driver Griffin was awarded the Nicky Grist Trophy, which goes to the RF1.4 winner. Joe Cruttenden, Griffin's co-driver, picked up the Michael 'Beef' Park Trophy, which is given to the highest-placed co-driver in the results who is born after January 1 1989.**

## **CLASSES ROUND-UP**

---

**Matt Griffin was the stand-out competitor in the entry-level Rally First category. He and co-driver Joe Cruttenden finished just outside of the Millers Oils 1400 series top ten in their VW Lupo. Their job was made easier when close rivals Joe Evett and Matt Fowle slipped off the road at a 90-right on the second stage and lost more than three minutes. It wasn't the easiest of rallies for Evett - in the week leading up to the rally he had sliced open a finger on his right hand on some farm machinery.**
